Factory Option

All SM-120 scale models are also available as **linerless with auto-cutter - DIGI world's first innovation**

- more labels per roll thanks to elimination of the backing paper
- reduced label usage - label length is self-adjusted based on each product information - no more blank spaces
- more attractive label edges thanks to auto-cutting feature
- reduced storage and inventory costs - one label for all products - self-adjusted label length
- reduced waste by elimination of backing paper
